Welcome to DegreeWorks, CUNY's on line degree audit system. This system will allow you to see how your past and present courses, including those transferred, apply toward your degree program. It will also show you which courses are needed to complete this program. You should use this tool to select courses. Only courses that apply toward your current degree can be used for federal and state financial aid. Do not stray from courses indicated without contacting your academic advisor, or our Financial Aid Office.

Please note that your degree audit is not a transcript. Should you need an official transcript, please click [here](#).

If you have any questions concerning the accuracy of your audit you should contact your advisor. Once you see that all degree requirements will be met with courses in progress you should complete the application for graduation which can be found [here](#).
